

SUBJECT COMBINATION

The students will presently be admitted solely on the basis of their opted core courses (CC) (equivalent to 'honours subject' of the previous undergraduate system). In case of choosing General Elective courses (equivalent to General combination courses of the previous system) a candidate from science stream can only choose a science subject as General Elective and a candidate from arts stream can only choose an arts subject as General Elective.

The following are the list of core courses offered in this college
